**Discussion of CSAH 112 Turnback PAC Committee Appointment Process**

Post referred to the comments made by County Engineer Grube at the last work session about considerations in making appointments. Post referred to the project timeline matrix which indicates a total of twenty-three Project Advisory Committee (PAC) monthly meetings scheduled to occur from May, 2012 until March, 2014. Council discussion ensued on both the composition (business and residents) and size. Council will further discuss this topic at the regular council meeting following this work session meeting. A consensus supported trying to attract a total of from six to eight PAC members for this long time commitment assignment.

**Update on Highway 12 Bypass Weekend Closure for Safety Improvements**

Mayor Hultmann indicated that he had contacted MnDOT and local public safety agencies in regards to requesting that the required weekend closure coincide with the Chamber's SummerFest 2012 event the weekend of June 22nd through June 24<sup>th</sup>.

**OTHER BUSINESS**

Post briefed the Council on a meeting he and Planner Perry had with Long Lake Rowing Club representative Wilson regarding future use of the former Billy's site for club use. A significant barrier was identified when Mr. Wilson advised that the property owner was not supportive of rezoning. This then led to a discussion of the possibility of an Interim Use option that is not currently available in the Zoning Ordinance. Council recommended that this topic be discussed at the next Planning Commission meeting.

**ADJOURN**

The work session was adjourned by general consent at 6:35 pm.

Respectfully submitted,
